

**Model for relationships**

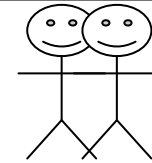

Extreme Individual

Mature Dependent

Closely Coupled

Extreme Individual		Mature Dependent		Closely Coupled		Name	Name
Name	Name	Name	Name	Name	Name	Name	Name
plays mostly alone		shared and separate friends		unhappy when separated – want to be together most/all of the time			
likes own friends – doesn't share friends		happy separated and happy together		respond to each others' names/ group name e.g Twinnie			
opts out if twin successful		supportive of co-multiple(s)		can not recognise mirror image			
polarises – goes to extremes (angel/devil)		has developed as an individual with own identity		uses twin "language" (cryptophasia)			
excessively competitive		may choose the same or different from co-multiple(s)		slows down/speeds up to keep together especially in school			
dislikes co-multiple(s)				few or no individual friends			
refuses to dress alike				combines to form a unit			
tries to dominate				dress and behave identically
